Item Reference: SA1210976

Date of manufacture: 1890

Description

Antique silver English half hunter pocket watch, 1894. The watch has an English $\frac{3}{4}$ plate stem-winding movement which is working nicely. The movement is signed Joseph Hart, which we assume to be the Saffron Waldon based jeweller and watch maker. The movement is protected by an inner hinged cover. The watch measures 51.5mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside all three covers for London 1894, together with a case maker's mark for the London watch case maker and silversmith William Matthews. The case is in lovely condition for such an early piece, just light surface marking to the back. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The dial is in good condition, just some faint hairlines running from the centre. Pin-set hands. The watch comes in a new presentation box.
