Description

These Spiral Library Steps With Leather Topped Treads would make a stylish addition to any home, to either be used to access higher shelves or indeed be purely decorative. The four treads are lined with rich, warm toned leather that are edged in decorative studs. The generous ring turned column with a spherical top, which can be used as a hand rail, is the anchor point for the radiating treads and good-sized supporting framework. The leather shows some signs of age and wear, as to be expected but looks all the better for it. The structure is solid with no movement, with a nicely polished finish, Stock No 1535 All our prices include free delivery to Mainland England & Wales Circa 1930's Dimensions Width 21in/53cm Depth 21in/53cm Height 51½in/131cm Height Of Top Step 25in
