Antique Waltham half hunter pocket watch, 1919

Price

GBP 265

| USD \$359 | EUR 310

Item Reference: SA1211820

Date of manufacture: 1910

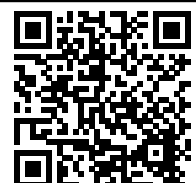

Description

Antique Waltham half hunter pocket watch, 1919. The watch has a 15-jewel stem-winding movement, grade 620, which is working nicely. The movement is fully signed with the Waltham name and it has the serial number 22,642,823 which dates it back to 1919. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, suppliers of cases to Waltham UK. The case is in good condition, just light surface marks but nothing too serious at all. The front cover has a central lens, which has some marking, surrounded by enamel filled Roman numerals. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in super condition (some white natural light reflection showing in the main photo). The signed dial is in beautiful condition with original blued steel hands including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a new presentation box.
