Description

We have a rather handsome little Sussex style late 19th Century armchair attributed to E W Godwin in lovely condition. It's a very placeable piece and these look great not only in period properties but also in more contemporary settings. This one sits well with some lovely turning to the frame and spindles - the chair is nicely worn, especially the arms and we would assume the rush seat was redone at some point and is firm and good for sitting on. We have B6 stamped underneath. Ready to enjoy and relax on, C1890s. Dimensions - Height 87cm x Width 50cm x Depth 52.5cm Specifically the Seat: Height 40cm x Width 42-35cm (Front-Rear) Between the Arms x Depth 44cm
