## Description

Gents 1940s Art Deco wrist watch. The watch has a hand-winding movement which is working nicely. The watch measures 22mm wide excluding the winding crown, and 31.5mm high excluding the lugs. Originally designed as a man's watch, its smaller size means it is really a mid-size piece. The case is chromium plated and it is in super condition. The convex lens is in lovely condition too... there is white reflection showing in the photos. The dial is in super original condition with original hands. The watch has a vintage strap, possibly the original. The watch comes in a new presentation box.
