Description

Victorian lantern in painted green steel. This piece has been completely re-glazed with brown putty. Originally gas, it has since been converted to electric with an E27 Edison screw bulb holder mounted in the base. The door no longer opens and access to the bulb is from underneath. The top retains its original vents. The paint has a nicely patinated green finish. The lantern stands on a base with ball decoration to the upper and lower sections and is designed to be bolted down outdoors. sku 3743
