Description

Antique Elgin pocket watch, 1923. The watch has a 17-jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 25,405,485 which dates it back to 1923. The movement is protected by an inner hinged cover. The watch measures 44mm diameter excluding the winding stem and the loop so smaller than a standard 50mm pocket watch. The case is gold filled and it is in good condition. The back of the watch has the owner's initials HC, probably the original owner going by the Art Deco style font. The acrylic lens is in good condition. The signed dial is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
