Description

A smart and interesting antique figured walnut occasional side table. This was made in England, it dates from around the 1920's. It is of superb quality and is a useful size. The table drawers apart in the middle and there is an extension leaf that is stored beneath the top, that slots in and extends the surface area. This has beautiful walnut grain patterns, it stands on cabriole legs and has scrolled carving at the knees. We have had this recently re-polished, the condition is excellent for its age. There is some minor wear remaining beneath the polish here and there, commensurate for age. Width – 29 inches , 73 cm Width open – 38 inches , 96 cm Depth – 18 inches , 46 cm Height – 28 inches , 71 cm
