Item Reference: SA1213496

Date of manufacture: 19th Century

Dimensions

Height = 95 cm (37.4")

Width = 54.5 cm (21.5")

Depth = 44 cm (17.3")

Description

A handsome primitive Windsor armchair of unusual form and exceptional colour and patina. Made from a variety of woods, the dished seat of elm, the tapering, outswept arms of laburnum. The remainder, including the multiple-vase shaped splat, made from a mixture of yew and fruitwood. Slightly smaller in size than many but a charming, idiosyncratic chair with immense appeal. Probably English, circa 1820.
