Description

19th Century Swedish Flame Birch Chest of Drawers A superb 19th century Swedish chest of drawers crafted in richly figured flame birch, showcasing the lively, rippling grain that defines Scandinavian craftsmanship of the period. The four full-width drawers are arranged in a clean, seamless front typical of the Biedermeier-influenced Swedish style, with rounded corners and turned bun feet adding a touch of softness to the architectural form. Each drawer retains its original working lock and key, a rare survival that adds authenticity and charm. The warm honey tone of the birch catches the light beautifully, revealing depth and movement across the book-matched veneers. Elegant yet understated, this piece embodies traditional Swedish restraint with natural luxury — perfect for interiors that value craftsmanship, clarity, and timeless design. Height 103cms x Width 91cms x Depth 49cms. For inquiries, please feel free to reach out to Richard via email at richie.perrott@live.co.uk or call the office at 07912624065.
