Description

A charming pair of Victorian Staffordshire fireside spaniels. They are a seated model with lovely copper lustre highlights and lots of hand painted detail. They have been well modelled and are a good quality example. They are in very good condition for their age and they display beautifully. There are typical minor flaws and some slight fading and natural firing stress cracks but no major damages and nothing detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £10
