Description

A lovely antique walnut leather top concave desk / side table. This is in the Georgian style, it was made in England, and dates from around the 1930's. It's of great quality and is a very useful size, perfect for use as a writing desk or as an occasional side / console table. The top has a concave shape with a beautiful inset leather writing surface. It stands on nicely turned and fluted legs, the back is also nicely polished so this can be used as a free standing item. There is a good amount of storage space in the two drawers, which have fine quality brass handles. We have had this recently re-polished, the condition is excellent for its age. Width – 34 inches , 85 cm Depth – 19 inches , 47 cm Height – 31 inches , 78 cm Knee height – 24 inches , 61 cm
