

SA1214286**LANTERN CLOCK BY JOHN SPERSHOTT OF TETCHFIELD (TITCHFIELD)**

Price

GBP 6,950

| USD \$9,385 | EUR 8,138

Item Reference: SA1214286**Date of manufacture: 17th Century**

Description

A good, standard-size, verge lantern clock. 30hr duration movement with continuous rope drive, striking the hours on a bell via a count-wheel system. The clock has been reconverted to verge escapement, and the hoop and spikes were reinstalled at the same time. All the work has been carried out sympathetically and is in keeping with the original parts of the movement. Original doors, dolphin frets, bell strap and hand. Attractive floral engraved dial centre and the chapter ring with 'matchstick flower' half hour markers. There is little known about John Spershott, although there was a James Spershott who was an 18th-century Chichester carpenter who was possibly a later relation. Serviced and guaranteed for 3 years. Height: 15 ¾" or 40 cm CIRCA. 1685-90 Provenance: Private collection, UK Would you like to view this clock in your own home? Contact us to arrange a viewing with our Homeview service. (T&C's apply.)
