Description

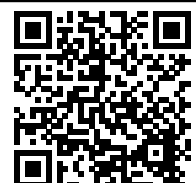

An early Welsh oak coffe, originating from Breconshire and dated 1647 to the front panel. The coffe is of simple and honest form, constructed with broad oak planks and retaining a strong vernacular character throughout. The front is carved with the initials "W A" either side of the original iron lock plate, adding to the historic presence of the piece. The interior is fitted with a divided storage compartment, while the exterior displays roughly hewn single plank sides and back, typical of early country furniture of this period. The coffe retains excellent surface character and deep colour throughout, with visible age and wear contributing to its authenticity and appeal. Item Reference: M-6906 . Dimensions: Height - 61cm / Width - 159cm / Depth - 61cm . CONDITION REPORT: In antique condition, with signs of age and use throughout. Surface wear, marks, knocks, scratches, and age-related shrinkage present throughout. Evidence of historic woodworm, long since inactive and treated as a precaution. Areas of loss to the side with a historic ironwork repair to the interior. Further loss to the top front edge, where presumably a latch has been historically attached and removed...
