Eberhard Hermetic Trench Watch 1920s

Price

Sold**Item Reference: SA1214375****Date of manufacture: 1920**

Description

A 1920's period Eberhard 'trench' wristwatch. A silver case with a threaded Hermetic waterproof case. Convex bevelled edged glass. A white enamel dial with blued steel Breguet hands and a subsidiary seconds dial. Signed to the dial 'EBERHARD' with Arabic numerals to the chapter ring. The Hermetic case was an early version of waterproofing a watch. The outer case has a screw down bezel and the inner a hinge to enable the watch to be wound. The case has 925 silver marks and 'Double Boitier Hermetique'. It's in remarkably good condition for it's age. A Swiss manual wind movement with 15 jewels and signed Eberhard & Co. Case width/height 33mm Case depth 10mm From Kembery Watches you can expect a genuine wristwatch, sold with 12 months guarantee. To order the watch please phone 01179565281. If you have any questions regarding our watches please call us or email us and we will be happy to help you. We can send you a Whatsapp video and show you in more detail.
