Antique silver Omega pocket watch

Price

GBP 335

| USD \$452 | EUR 392

Item Reference: SA1214501**Date of manufacture: 1910**

Description

Antique silver Omega pocket watch. The watch has a stem-winding movement, identified as by Omega, which is working nicely. The movement is protected by an inner hinged cover which has a little unevenness. The watch measures 47.5mm diameter excluding the winding stem and the loop, so slightly smaller than a standard 50mm pocket watch. The case is silver and there are Continental 935 silver marks inside both of the back covers, and also an early Omega logo. The front of the case is in good condition. The side has a small indentation. Some fairly gentle unevenness to the back. The glass lens is in good condition. The dial is in super condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in an antique presentation box from the London jeweller James Walker.
