Description

A William & Mary period oak dresser base of notably compact proportions, the thick two-plank top set over two deep drawers with geometric mouldings and turned knobs, raised on three turned front legs and plain rear supports, united by a low three-sided stretcher rail. The particularly modest footprint makes this piece an ideal statement choice for narrow hallways, landings or smaller dining rooms. Very good antique condition, the piece retains an incredibly tactile, deep patination along with beautiful, purposefully un-restored wear to the rear top edge. Structurally sound, clean, and ready to place in the home. English, circa 1690. H: 78 W: 112 D: 50.5 cm
