Description

Fabulous Heals 1920's Oak Triple Wardrobe – Splits Up A very good quality English oak triple wardrobe by Heals of London around 1920. In superb, clean and original condition and still in the original finish, this large scale Heals antique wardrobe splits up well for transportation into four sections, the bracket feet plinth base, the central pod and two side pods. Very well made, to the central section inside are original wooden storage shelves, these could be removed and a hanging rail added. To the sides are open hanging spaces with the original hanging rails to both. The three long oak wardrobe doors have the organ turned oak handles that have carved decorations. To the top of the wardrobe is a simple moulded cornice and the square bracket feet are chamfered. Rare to find Heals of London triple wardrobes, this is a lovely example in such good condition. Dimensions Height: 184cm (73.02") Width: 170cm (67.46") Depth: 54cm (21.43")
