Description

Russian Niello Silver Boxed Set of Six Spoons by Stepan Levin Moscow 1877. The set of spoons retains its original box, and is in very good condition. It is possible the spoons may never have been used. The spoons were made in the time of the Tzars. They are fully hallmarked giving the makers name of 'Stepan Levin'. The Moscow city mark. The silver assay masters name of 'Viktor Vasilyevich Savinsky'. They are stamped 84 for silver purity. The date mark is Moscow 1877. The spoons have gilded bowls and exquisite Niello work to verso of the bowls. I purchased these spoons privately from an estate in Devon and they have probably never been for sale on the open market previously.
