Description

This charming bleached oak antique console table features a beautifully aged, softly bleached finish, revealing its natural grain and texture. At the front, two drawers are seamlessly integrated into the frieze, each adorned with intricately hand-carved motifs. A distinctive apex upstand rises gracefully from the rear of the tabletop, forming a subtle architectural crest. The standout feature of this console table lies in its bold, oversized legs. Each leg is richly carved with classical acanthus leaf detailing at the top, the carving transitions down the leg, culminating in large, sculptural paw feet.
