Description

A William IV mahogany music stand, the adjustable lyre-form book rest retaining its original folding ledge with page stays, flanked by pivoting brass candle branches and raised on a square telescopic stem with a hand-threaded wooden clamping screw above a ring-turned column set on a triform platform base. A highly sculptural music room appointment, this stand provides an imposing focal point when positioned in a drawing room alcove or private study. The top can be folded and the height reduced for easy stowing or transit. Very good antique condition, exhibiting an exceptionally rich patina with some surface wear consistent with age, noting a historic loss to the rim of the right-hand candle holder. Structurally sound, clean and ready to place in the home. English, circa 1830. H: 121 W: 73 D: 45 cm Max - H: 146 W: 88 cm Min - H: 78 W: 44 cm
