Description

Gents Omega wrist watch, 1962. The watch has a 17-jewel calibre 268 hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 19,199,175 which dates it back to 1962. The watch measures 33mm diameter excluding the plain winding crown and the lugs. The case is stainless steel and it is in good condition, just minor marking to the back. The inside of the case back has the Omega logo and the case reference 14731-61 which is correct. The lens is in lovely condition (some natural light reflection showing in the photos). The signed dial is in good condition with original hands, subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
