Description

A handsome antique oak book press, beautifully crafted and in excellent working order. Made from solid oak with a rich, mellow patina, it features a robust screw mechanism operated by a turned wooden handle, allowing the top plate to rise and fall smoothly. The shaped supports and well-proportioned frame give it a pleasing, architectural presence. Traditionally used in bookbinding for pressing and drying pages, it now makes a wonderful decorative piece for a study, library, or shop interior — equally appealing to collectors, printers, and lovers of early craft tools. Light age-related marks are consistent with its use and add to its authenticity and charm. Internal reference : SAI4202
