Rare regency painted tambourine

Price

GBP 145

| USD \$196 | EUR 170

Item Reference: SA1215321

Date of manufacture: Regency

Description

This is a lovely regency red painted tambourine. The tambourine became popular among young ladies of the era. The red colour reminds me of coasters of the period as does the gold decoration. I think the vellum top may be a replacement but what is lovely is that there is the remainder of the map on the reverse of the vellum. Great condition and makes a really good sound. Diameter 25.5 cm Depth 5 cm
