Description

I have not seen this form of lemon squeezer before...it is made out of Sycamore and is in the form of a falcon, complete with its own falconary hood to cover the eyes (which is the shaped toleware hinge)...it has a bold shape with "hook" double beaks and carved wings...excellent colour and is in original working condition....would make a fine addition to any serious collection of treen. Continental. C1840-60.
