Description

A charming 19th century pine chest of three full width drawers, standing on turned bun feet and with an attractive rounded corner detail. This chest is a useful compact size and has a good colour. Condition: Overall in good condition with some minor surface wear. There is a little damage to the upper edge of the top drawer, and one of the drawer knobs has a section of the backplate missing. The top is slightly darker than the rest of the piece and has some faint scratches and water marks. The bottom drawer for some reason has a bead of silicone applied to the inside front corner, presumably to fill a small gap. Dimensions: Width - 95cm Depth - 45.5cm Height - 79.5cm Mainland UK delivery (excluding the Scottish highlands) is included in the price - if you would like a quote for delivery elsewhere, or if you would like to collect the item yourself, please get in touch.
