Description

Antique Heals Style Dining Table Early 20th Century Solid Wood A classic early 20th century Heals style dining table, showcasing timeless design and solid craftsmanship. This piece features clean lines and a sturdy construction, typical of the understated elegance associated with Heals inspired furniture. The table is made from solid wood with a warm natural tone that will complement both traditional and modern interiors. Its generous proportions make it ideal for family dining or entertaining guests. Condition is good for its age with signs of wear consistent with use over time, adding to its character and authenticity. Structurally sound and ready for use. Dimensions Height 73 cm Width 183 cm Depth 88.5 cm A practical and stylish antique table that would make a great addition to any home.
