Description

A 1940's desk chair crafted in solid elm and beech. The beautifully figured shaped elm seat supports a curved backrest with sculptural elm arms and bold, turned beech supports, all raised on finely turned beech legs with squat ball feet and robust stretcher arrangement. Designed under wartime restrictions but with clear Arts & Crafts influence and made with particular care and craftsmanship, this is far superior to standard issue CC41 furniture. Very good vintage condition with a rich patina and minor surface wear consistent with age. Structurally sound, clean and ready to place in the home. English, circa 1940's.
