Description

A 17th Century Antique Dutch Delft Tile, Hand Painted Swan Motif 13cm. A single antique earthenware, tin glaze Dutch Delftware tile with a rare hand painted swan central motif theme, with an outer geometric decoration in mostly excellent condition for its age, whilst no cracks and only minimal nibbles to some edges which show it's yellowish earthenware porcelain, helping to authenticate. A charming antique tile featuring the rare swan central subject and other usual hand painted motifs and themes with a traditional tin-glaze, a technique that went in to producing these desirable tiles, a charming example, circa 1650, TBV.
