Description

An incredibly rare and highly desirable Omega Seamaster Chronometer Certified reference 276711, dating to 1956. Early Seamaster chronometer models are seldom seen, and this example stands out for its originality, condition and excellent mechanical performance following a recent service. Key Details • Model: Omega Seamaster Chronometer • Reference: 276711 • Year: 1956 • Case Size: 35mm • Case Material: Stainless steel • Dial: Off-white / cream • Hour Markers: Gold applied markers • Hands: Gold-tone • Crown: Omega-signed crown • Crystal: Acrylic • Movement: Omega automatic chronometer movement • Strap: Blue leather strap (brand new) • Water Resistance: Not recommended due to age • Guarantee: 12-month mechanical guarantee Condition Report Case: Excellent vintage condition with only light wear consistent with age; no significant marks or scratches. Dial: Original dial with some localised discolouration around the 4 o'clock marker, adding authentic vintage character. Hands & Markers: Gold hands and markers in very good condition and well matched to the dial. Crystal: Clear with minor age-appropriate wear. Strap: Brand new blue leather strap fitted (can be changed if preferred).
