Description

A high quality breakfront side cabinet/dwarf bookcase. Mid 19th century burr walnut and amboyna side cabinet in the manner of Holland & Sons. The rounded breakfront top is made with amboyna veneers and book-matched with the same figured amboyna to the top edges. The veneers are laid on a mahogany carcass which sits above a walnut 'egg and dart' beading below a walnut bevelled moulding. The open cabinet is fitted with adjustable shelving throughout with the rounded corner sections featuring burr walnut back boards and solid and laminated walnut shelves. The four crisply carved decorative walnut upright supports or 'Barley Twist' columns are tightly carved and sit on a walnut plinth base. The front edged veneers to the breakfront rounded base are well figured and add to the overall quality of the piece.
