Description

Splendid Antique Victorian Silver Plated Grape Scissors presented in their fitted presentation case. The twin handles are formed as sinuous snakes, with textured scales and small head details at the finger loops. The blades are designed for clean snipping at the stem, making them ideal for serving grapes or small fruit at table – circa 1880. * Few objects look as striking beside a fruit bowl as silver plate shaped into coiled snakes. Measurements: Length: 7" (approx. 17.5cm) Total weight: 193g In good condition – The scissors show only light surface wear consistent with age and careful use.
