Description

A superbly modelled decent sized solid sterling silver animal figure. It is hallmarked with the 830 silver standard mark. I would date it to c1920-1940 most likely German. Its been beautifully modelled being finely cast in the form of a Woodcock bird. It is in super condition being free from dings splits and repairs. It measures approx. 3.75 inches (9.6cm) long beak to tail by 1.5 inches (3.8cm) wide by 2.25 inches (5.8cm) tall and weighs 68 grams (all silver not weighted). A very well designed high quality example.
