Description

A good example of a solid Sterling Silver sugar caster. It is a stylish and good quality piece with an angular flared body and pierced top with turned finial. It is engraved "Presented by the Ships' Company H.M.S Rifleman". It is clearly hallmarked for Chester, 1914 and the maker Stokes & Ireland. It weighs approximately 97g. It is in good condition for its age. There are some faint surface marks, light knocks and small dinks but nothing detrimental and overall it displays well. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
