Description

A good example of a solid Sterling Silver pepper shaker. It is a stylish and good quality piece with an unusual flared wavy base and pierced top. It weighs approximately 47g. The body and the top are both hallmarked for Birmingham, 1919. The hallmarks are quite rubbed so I can't define the maker. It is in good condition for its age. There are some faint surface marks and minor dinks and some areas of tarnishing but nothing detrimental and overall it displays well. It has been gently cleaned and polished and is ready for use. Approximate Measurements : Height : 3 1/4" / 8cm Base Width : 2" / 5.5cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
