Description

A good example of a set of 6 antique butter knives with sterling silver handles and silver plated blades. They are good quality pieces with decorative beaded borders on the handles. Each piece is fully hallmarked for Sheffield, 1924 and the maker William Yates. They are in good condition for their age. The handles have a few minor dents and dinks on and there is some tarnishing on the blades however they display well as a set. They have been gently cleaned and polished and are ready for use. The set comes in its original fitted box with a velvet and silk interior. The box is in good condition with some minor staining and wear and some light scuffs and marks around the edges but nothing detrimental.
