Description

1930s Revue pocket watch for Limit. The watch has a Swiss stem-winding movement, identified as by Revue, which is working nicely. The movement is signed with the name Limit, an Oldham based importer of watches. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Moon model from the English case manufacturer, the Dennison Watch Case Company. The case has layers of 10 carat gold to the both the outside and the inside of the case, originally guaranteed to wear for 20 years. The case is in lovely condition. The inside of the case back has a paper label from GH & JG Tate of Winterton in Lincolnshire, probably from when the watch was serviced. The glass lens is in super condition. The dial is in very nice condition too. The watch comes in a new presentation box.
