Description

A great looking attic find, we have an attractive ebonised table with Amboyna inserts - Amboyna was one of the most sought after woods in the Victorian era... As mentioned its in "attic find" condition, however charming all the same with its ebonised finish, brass trim and decorative stance. Some trim is missing, the Amboyna top is a little cracked and we have the odd piece missing etc. Saying that, the table is perfectly usable and some would say better in original condition with its historic faults and marks, either way a lovely and quite unusual piece. A rather handsome 19th century English piece. Dimensions Overall: Height 71cm x Width 54cm x Depth 54cm Top: Diameter: 43cm Lower Shelf: Height 37cm x Width 20-15cm x Depth 26cm When purchasing from us we include delivery in the purchase price which is based on a one person delivery for England and Wales.
