Description

'Lavar' denotes an extra fine quality and a particular, soft palette on this pretty little rug from North Persia. I love the birds sitting in the Tree-of-Life and the light blue on the cream background with cerise and pinkish-orange. It's so pretty! Evenly worn, no holes or repairs and ready for your floor. I would recommend an underlay to stabilise and prolong the life, which I can supply. 4'1" x 6'9"
