Description

Antique Omega gun metal pocket watch, Limerick. The watch has a stem-winding movement, signed Omega, which is working nicely. The movement is protected by an inner hinged cover which has a little scratching to the edge. The watch measures 46mm diameter excluding the winding stem and the loop. The case is gun metal. It is in good condition with just general light surface marking which is quite usual for gun metal cases. The inside of the hinged case back is signed with the Omega logo. The acrylic lens is in good condition (some natural white reflection showing in the photos). The dial is signed with the name of the original retailers, C Cromer, Limerick. Conrad Cromer was listed as both a watch maker and jeweller who traded from 18 George Street, Limerick. The dial is in lovely condition, just a minor scratch on the subsidiary seconds dial. Original hands. The watch comes with a single chain with graduated links, which picks up the gold coloured highlights on the watch. The watch and chain come in a vintage presentation box from the high end watchmaker and jeweller, Sir John Bennett.
