Description

Early 19th Century walnut Danish Chest of Drawers A refined Danish chest of drawers, dating from the early 19th century, beautifully veneered in walnut parquetry with crisp white-lined and crossbanded detailing. The geometric parquet pattern across the drawer fronts and sides showcases exceptional craftsmanship, catching the light in a warm, honeyed glow. Fitted with original brass handles and escutcheons, and standing on turned feet, the piece combines decorative precision with understated elegance. The clean proportions and restrained ornamentation reflect the neoclassical Danish aesthetic of the period — practical yet sophisticated. A handsome and well-balanced example of Scandinavian cabinetmaking, offering both visual charm and functional storage. Height 89cms x Width 90cms x Depth 39cms.
