Description

This hugely stylish Art Deco cocktail drinks cabinet is a fantastic piece of Art Deco furniture and its internal features prove to be an incredibly appealing feature. The beautifully presented maple veneers has a superb pattern of grain and being true blonde in color will mix well within period and modern interiors. The drop down top is every bit as well finished and stands out brilliantly, while fitted with internal mirrored glass to add extra glamour. Below the upper area is a generously sized drawer, originally meant to store cutlery and napkins. The cupboard below opens by two doors continue to exhibit fantastic veneers, while another pair of typically Art Deco bakelite handles are fitted, a sectioned bottle area inside which is generously sized for all your needs. The condition is very good having been through our workshops and professionally restored.
