Description

A nice example of an original Stereoscopic Viewer dating from the late 19th / early 20th Century. It has a turned wooden handle and wooden eyepiece and an adjustable card holder which can be moved backwards and forwards into focus. It comes with its original turned wooden stand allowing the viewer to be used handsfree on a tabletop. It comes with a selection of 43 original cards by B.W.Kilburn of various subjects around the world. It is in good condition for its age and works as it should. There are of course signs of age and use, some knocks and marks but no major damages and overall it displays well. Some of the cards are a little worn and faded but all still usable.
