Description

This desk is in good condition. We have professionally stripped and restored it and waxed it in a lovely antique brown bri wax. This desk would look well in an old or modern property in any room particularly an office for any type of storage purpose amongst similar antique pine furniture. If it is to go up stairs your staircase needs to be straight with no turns. I will also require a hand off the van with it into your hallway as it is very heavy. This desk stands on square legs supporting the main section. There are four drawers either side of a large knee hole. There is a further drawer above the knee hole. The knee hole is the standard height of 61cm. The drawers have round turned wooden knobs and are all pine lined. The middle drawer has a metal drop handle. The top is in good condition. The height is 77cm, the width is 148cm and the depth is 74cm.
