Price

Sold

Item Reference: SA1219703

Date of manufacture: 19th Century

Dimensions

Height = 36 cm (14.2")

Width = 16 cm (6.3")

Depth = 9 cm (3.5")

Description

An unusual miniature William IV bronze desk lamp in the form of a lamp post in the Neoclassical taste; the octagonal lantern is suspended on a chain from an S shaped arm which is raised on a reeded and acanthus decorated stem which terminates in an octagonal base. This form of lamp post was typical of the early Nineteenth Century and the lamp makes a wonderful conversation piece.
