Description

Gents early 1940s Cyma chronograph wrist watch. The watch has a 17-jewel hand-winding movement, a Cyma 400L (based on the Valjoux 22), which is working nicely. The watch measures 36mm diameter excluding the winding crown and buttons. The case is stainless steel and it is in lovely condition, just very light surface marks, nothing serious at all. The lens is in very nice condition. The dial is in its original finish with original hands... a 30 minute recording subsidiary dial at number 3, and a constant seconds subsidiary dial at number 9. Some darkening to the dial but very acceptable, it has a very handsome appearance. The watch has a vintage leather strap. The watch comes in a new presentation box. UK POSTAGE ONLY FOR THIS ITEM
