Item Reference: SA1220299

Date of manufacture: 1940

Description

Gents 1940s Venus 170 chronograph wrist watch. The watch has a 17-jewel Venus 170 movement, as used in Breitling and Heuer chronographs, which is working nicely. The watch measures 36.5mm diameter excluding the later winding crown, pushers and lugs. The case is chromium plated and the case back is stainless steel. There is a little wear and marking but overall the condition is good for a 1940s piece. The lens is in good condition (some natural light reflection showing in the photos). The dial is in good original condition, perhaps a shade or two of darkening and light marking. Two subsidiary dials, one for constant seconds and the other to record up to 30 minutes. The chronograph feature is started and stopped via the top pusher, and re-set to zero via the lower pusher. The watch has a vintage leather strap. The watch comes in a new presentation box. UK POSTAGE ONLY FOR THIS ITEM
