| USD \$2,019 | EUR 1,749

Item Reference: SA1220980

Date of manufacture: 17th Century

Description

Rare 17th-Century Charles II Oak & Walnut Geometric Chest of Drawers. An Exceptional Investment-Grade Statement Piece. Very rarely does the opportunity to own a piece of early English furniture of this calibre arise. Dating from the reign of Charles II, this remarkable chest of drawers has survived in incredible condition, retaining its original handles and working locks—a scarcity for furniture of this age. ### Design & Craftsmanship This chest features a striking, sophisticated contrast of materials and architectural depth: ***The Configuration:** Two flat-fronted, highly figured walnut top drawers sit elegantly over three graduated, deep drawers. ***The Detail:** The lower three drawers boast masterful "cushion-fronted" moulded geometric designs, epitomizing the grand, tactile style of the late 17th century. ***The Finish:** Time has been incredibly kind to this piece. The walnut has faded to a stunning, warm honey colour, perfectly complemented by the oak's rich, deep patina—a unmistakable glow that can only be achieved through 350 years of history and care. ### Presence & Versatility With its commanding character and perfect proportions, this is a truly remarka...
