Victorian Brass Garden Rose Sprays and Syringes – Set of Three

Price

GBP 30

| USD \$41 | EUR 35

Item Reference: SA1221260

Date of manufacture: 19th Century

Description

interesting collection of three antique brass garden syringes and rose sprays dating from the late 19th to early 20th century. Used by Victorian gardeners for misting and watering delicate plants, ferns, orchids and greenhouse specimens. The group includes: A large floor-standing brass syringe with iron frame and foot support. A brass hand-held rose spray with turned ebonised handle and adjustable tap. A smaller brass hand syringe with turned wooden handle. Displaying a pleasing aged patina consistent with age and use. Ideal for collectors of garden antiques, greenhouse equipment, horticultural memorabilia or period decorative displays.
