Description

We have been fortunate to get hold of some truly stunning 19th century Italian frames that we have added high quality 6mm mirror plate too. These mirrors make incredible features on any wall in a great number of interiors. The design is arguably quite contemporary which is why I love this particular style of frame. The moulding is incredibly fine and when I spoke to my restorer about these he informed me just how hard it is to make this moulding so it really is a testament to the crafts people of the time that created these. This example is a large full ebonised frame with fine detailed moulding. Wonderful quality and the sheen to the ebonised finish is particularly nice. 129cm by 98cm Can be hung either portrait or landscape
